

FREQUENTLY ASKED QUESTIONS ABOUT NEW WATERFRONT CARD

► WHAT IS A WATERFRONT COMMISSION CARD OR ID?

ANSWER: In order to work on the Waterfront you need a Registration (for Longshore Workers, Warehouse Workers, Checkers, Maintenance Workers and some other types of workers) or a License (for Hiring Agents, Pier Superintendents and Security Officers).

The Waterfront Commission Card or ID is evidence that you have been issued a Registration or License (or a temporary registration or permit). This Card must be carried by you at all times while working in a capacity for which you are registered or licensed.

► WHY AM I BEING ISSUED A NEW CARD? IS THIS JUST BEING ISSUED TO ME, IF SO WHY?

ANSWER: All active registrants and licensees with the Commission as being issued this new type of card. It is simply a new version of the Waterfront Commission ID card.

► WHAT DOES THE EXPIRATION DATE MEAN ON THE WATERFRONT CARD, DOES THESE MEAN I LOSE MY REGISTRATION OR LICENSE WHEN THE WATERFRONT CARD EXPIRES?

ANSWER: The expiration date is for the Card itself, it will not affect you status as a registrant or licensee. NO, you will not lose you Registration or License when the card expires. You will have to renew the Waterfront Card prior to its expiration in order to work (because you are required to carry a valid unexpired card at all times while working on the Waterfront).

Your new Waterfront Commission issued card contains an expiration date. The date refers only to the expiration of the card itself. Your status as a registrant or licensee will not change based upon this expiration date.
